Rules & Regulations

- . The ritual governance of the cemetery owned and operated by the Hebrew Cemetery Association of Charlotte(The Association) will be overseen by a Ritual Coordination Committee comprised primarily of Rabbis from Temple Beth El, Temple Israel, and Congregation Ohr Hatorah.
- . Only traditional wooden caskets and bottomless vaults or containers are permitted.
- . No interments shall be made until payment of all charges and assessments has been made or secured by written agreement.
- . All interments shall be conducted by Jewish ritual only. Officials and funeral directors must be approved by the Association prior to any service.
- . No burials shall take place on Shabbat, and certain Jewish Holidays.
- . Before any marker or monument is installed, and before any other requested service is performed, all unpaid charges and assessments relating to the site shall be paid in full, or otherwise secured to the satisfaction of Association. The Marker, Landscaping, and Decorations Policy below more explicitly covers markers.
- . A marker, or monument, is the property of the lot owner and the Association does not assume any responsibility for care, cleaning or repair thereof. The Association urges a lot owner to contact their insurance company about adding the memorials to their home owner's insurance policy.
- . Any outside vendor performing any service on behalf of a lot owner on cemetery property shall furnish proper credentials and proof of appropriate insurance to the Association before performing such service. Such persons performing services or those retaining them shall be responsible for any property damage and cleanup necessitated by the performance of such service. The Association may inspect completed work as soon as practicable after completion to determine whether repair or cleanup is necessary.
- . The Association is the only entity or authorized agent to sell, transfer, or re-sell lots. The sale of lots does not transfer to the purchaser title to the land as to which these rights are conveyed. At the time of the purchase of lots, or at any time thereafter, the purchaser may give to the Association in writing a designation of the persons or classes of persons whom the purchaser authorizes to be buried, or whom the purchaser elects to prohibit from being buried therein. If lots are transferred the subsequent owner or owners may likewise designate or prohibit burials by delivering written instructions to the Association. In the absence of written instructions delivered by the purchaser or owners, the Association will permit any of the following persons to be buried in lots previously purchased: the purchaser or, the spouse of the purchaser or, any lineal descendent and the spouse of any lineal descendent of the purchaser. The size of all burial lots shall be fixed by the Association and it reserves the right, without changing the locations or places of burial previously sold, to replat all or any part of the cemetery locations; to install, alter, relocate or close any roadway or path; and to lay and maintain pipelines, gutters and any other facilities deemed necessary for the operation of the cemetery. All property in the Cemetery is subject to the right of ingress and egress in favor of the Association and persons authorized by the Association.
- . In order to preserve and appropriate respectful and uniform appearance for the Cemetery, the Association reserves the right to remove any decorations that are placed at a grave site.
- . The Association, for good cause, may authorize deviations or exceptions to these Rules and Regulations where strict conformance would work an undue hardship or violate the intention hereof. The Rules and Regulations of Association may be modified as circumstances warrant.

Marker, Landscaping and Decoration Policy

The Hebrew Cemetery Association maintains over 12 acres of sanctified land in Charlotte. The grounds are maintained in a condition that demonstrates respect and dignity. In order to allow for cost effective and efficient care, several areas and activities within the Cemetery require guidelines. The Association shall govern these issues in a uniform and consistent manner. To accomplish the goal of providing and maintaining the Cemetery grounds in an appropriate manner the following guidelines are established and enforced:

MARKERS: Each type of grave and section may have different guidelines. A gate fee of 10% in addition to the retail price is due payable to the Association prior to placement.
